PROFESSIONAL EXPERIENCE

Sunshine Vacances France | Head of IT Services | Process Automation & Business Systems

Jul 2025 - Present | Sousse, Tunisia

- Led business-process improvement initiatives for tourism operations, with a focus on automation, data reliability and auditability.
- Designed and expanded a UiPath workflow for invoice validation and reconciliation across invoices, vouchers, reservations and stay-related data.

Maison Salina | Commercial & Digital Marketing Manager

Apr 2025 - Sep 2025 | Sousse, Tunisia

- Led commercial and digital initiatives for a long-established home-furnishing business, supporting visibility, customer engagement and growth.

Confidential Client - Men's Barbershop, France | Digital Marketing & Automation Consultant

Feb 2025 - Jul 2025 | Noisy-le-Grand, France

- Led a digital transformation project focused on online visibility, booking experience and digital customer communication.

VERMEG for Banking & Insurance Software | AI & Full-Stack Development Intern

Feb 2025 - May 2025 | Tunis, Tunisia

- Contributed to a secure, scalable and multilingual e-learning platform with enrolment, progress tracking, dashboards, event booking and real-time notifications.
- Integrated a locally deployed LLaMA 3.2 assistant through Ollama with RAG-based PDF and CSV knowledge retrieval; contributed to microservices, monitoring and security safeguards.

EI Mouradi Hotels | Management Controller

Jul 2024 - Sep 2024 | Sousse, Tunisia

- Analysed occupancy, operational costs and revenue-related KPIs; contributed to budget preparation, variance analysis and financial reporting.

ArabSoft | Full-Stack Development Intern

Jun 2024 - Aug 2024 | Tunis, Tunisia

- Built a full-stack library-management application using Angular, Spring Boot, REST APIs and relational databases.

EI Mouradi Hotels | Management Control Intern

Jun 2023 - Sep 2023 | Sousse, Tunisia

- Analysed expenses, operational indicators and budget variances; supported financial reporting, cost-control initiatives and KPI monitoring.

SELECTED PROJECTS

RPA for Invoice Control & Booking Reconciliation: UiPath workflow that links invoice data, vouchers, reservations and business rules to create a more structured and auditable control process.

Digital Transformation for a Men's Barbershop: Website, online booking, local SEO, social content and customer communication designed around a smoother digital journey.

AI-Ready E-Learning Platform: Secure, multilingual e-learning platform contribution with dashboards, microservices, local LLaMA 3.2 deployment and RAG-based knowledge retrieval.
